

## **Kuehn Fellowship**

The Kuehn Charitable Foundation is launching the third round of its two-year Kuehn Fellowship in 2019. Kuehn Fellows serve in positions with vetted nonprofit affordable housing organizations located in Greater Boston, acquire hands-on experience working with committed supervisors and have access to an experienced mentor. Fellows also attend monthly gatherings sponsored by the Foundation to share experiences and learn more about the field from practitioners and policymakers.

Expected or recent graduates (within the last five years) from relevant Masters' degree level programs are encouraged to apply. The Fellowship stipend starts at \$68,000 for the first year with additional financial support for training and professional development courses.

**Full application materials for prospective 2019 Fellows will be available via the Kuehn Charitable site on January 7, 2019 with an application deadline of February 11, 2019.** More information can be found at: [www.kuehncharitable.org](http://www.kuehncharitable.org)
