

## **Part-Time Data Collector**

**The Erikson Institute, Herr Research Center**, is conducting a research study of home-based child care programs in the Lowell area.

Erikson Institute is currently seeking a data collector to conduct observations of child care quality in family child care homes that serve young children. The research project will be conducted in the late spring and summer of 2019 in Lowell, MA.

### **Job Description:**

- Part-time, June-August, 2019
- Conduct in-home observations of family child care quality
- Approximately 15-20 observations over 3 months
- Training will be provided - 3 day training in Chicago: June 2019
- \$20-\$30 an hour depending on experience

### **Job Qualifications:**

- MA with early childhood or related specialization or current graduate student preferred
- Bi-lingual Spanish required
- Experience in settings with young children under age 5
- Some experience with observation assessment instruments preferred
- Excellent inter-personal skills, detail-oriented and organized
- Ability to work with minimal supervision
- Registered vehicle that can pass inspection
- Flexible schedule and availability for 10 to 15 hours per week

Interested applicants should send a cover letter and C.V. to:  
Helen Jacobsen, Project Manager
